Hello Everyone

We are moving through this term at an incredible speed. I was really proud and pleased with our school’s involvement in the Eyre Peninsula Field Days and want to express my sincere thanks to all the students, staff and parents who gave their time to support the school’s input into the success of the field days. I have received very positive feedback from exhibitors and community members about the way our students presented themselves throughout the event.

This proves to me that our students were following our CREW values of Care, Respect, Enthusiasm for Learning and Working Together. I congratulate our students and thank them for being Great Ambassadors for our school. Last Wednesday evening we had a parent meeting to discuss the SACE and student pathways in the senior section of our school. It was pleasing to see many interested parents and students at the meeting. Subject counselling will commence next week and student packages with times and dates for counselling interviews will be contained in the package. If you were unable to collect these last Wednesday then we intend to send out the rest today. We expect parents to join the counselling interviews so please contact the school if you need to change the day or time.

I want to thank the parents who have indicated that they are sending their child away for the senior years of schooling. I appreciate parents communicating with me their decisions and reasons behind the choice of schooling. I also thank these parents for choosing us to deliver the learning to their children, in the formative years of schooling.

At Cleve Area School we are always looking for ways to improve our educational service to our local community. We have found that the best way to support and help our students to be successful at school is for parents and staff to work together in a positive partnership. I invite you to talk to your child’s teachers and us, the leaders at Cleve so we can further improve the educational service we provide to the community. If you are thinking about future options, being at Cleve or other schools please speak to us. We want you to help us to make the changes that will enable your children to succeed in Cleve or any other school.

Ray Marino, Principal

ACTING DEPUTY NEWS
WALKER LEARNING DAY

Yesterday we hosted a number of visiting teachers from other schools who spent the morning in Mel Masters year 1/2 classroom to observe a lesson of ‘Investigations’ taught by Mel. The visitors appreciated observing how this class engage with their learning tasks in these sessions. After recess the visitors stayed on to hear a presentation by visiting consultant, Karen McKay who gave an overview of this “Learning through Play” method. Karen met with our JP teachers after lunch to support their development with Planning, Programming, Facilitating and Assessing this teaching approach.’

Well done to Mel for all her efforts to provide an exciting learning environment for her students and her willingness to share her journey with others.

JP SPORTS DAY

A reminder that Junior Primary Sports Day is in Week 8 this term, 16th September for R-3 students. We appreciate all the offers of help we’ve received from families to run the events. We still have a few more spaces to fill so please contact the school if you are able to spare 20 minutes to supervise an event on this day.

Year 3 students have the opportunity to participate in ‘elections’ for captaincy of their team on Monday. Notes went home in year 3 diaries this week to give families the opportunity to support the students in creating their speech to give them the best opportunity to be ‘voted in’.

‘OSCARS’ ASSEMBLY

Our reception class are hosting tomorrow’s assembly with an ‘Oscars’ theme to showcase their animations. Come along to the Uniting Church tomorrow at 11:50am but beware, the paparazzi ‘Ryder’ and ‘Molly’ have heard that this event is on and will be sneaking about with their ‘cameras’!
NAPLAN ONLINE TRIAL
Over the past 2 weeks, years 3, 5, 7 and 9 students have participated in a trial to check whether our ‘computing system’ is ready and able to cope with the demands of 60 students logging onto the same online program at the same time. Meredith Ramsey and her team have worked tirelessly to overcome challenges and if all goes well today, we seem to be ready for ‘NAPLAN online in 2017.’ This will mean that students won’t be tested with paper booklets from 2017 and the results will be fed back to families quicker and more efficiently.

SCIENCE WEEK
Reception to year 7 students celebrated Science Week on Thursday with a variety of Robot, Drone and Engineering Tasks at school. Students worked on their projects in lessons 3 and 4 and had the opportunity to visit classes after lunch to see and share their work with others. 13 students from our year 6 class visited Cummins School with students from other schools throughout the district to undertake some Science Challenges on this day. Our students attempted one robotics and one engineering task. Students had about an hour to complete their project and tested them against teams from other schools. Our students worked in groups of 4 and achieved 2 firsts and 2 seconds and came 3rd overall. We thank Kristan Every for organising her classes involvement in the challenge and thank Kirsty Fox from Cummins AS for her coordination of the day. It was a great opportunity to test our positive mindsets and problem solving skills amongst other schools.

Natasha Agars,
Acting Deputy Principal

ENGINEERING CHALLENGE
Build a catapult with dowel, 100 rubber bands and string.

ENGINEERING CHALLENGE
Build a bridge to support a brick using popsticks, string and tape. The lightest bridge to support the heaviest load wins!

ROBOTIC CHALLENGE
Build a moving robot using the head of a toothbrush, battery and motor to move the biggest distance in the shortest amount of time.

ROBOTIC CHALLENGE
A coding challenge to navigate an Ozebot around an obstacle course in the quickest amount of time with 3 commands in between.
JP SPORTS DAY HELPERS—Please return to front office.

Attention: N Agars

I am able / unable to assist with Tabloid or running events in the morning.

I am able / unable to assist with running events in the afternoon.

Eastern Ranges AGM

7pm 14th September
@ Rudall club rooms
All urged to attend as new uniforms will be discussed
ROWAN RAMSEY SCHOOL COMMUNITY AWARD
Cleve Area School has once again been invited to participate in the Rowan Ramsey School Community Award.

The award is to recognise individuals who make a worthy contribution to the school community in the area of Grey. The recipient may be a staff member, parent or community member who has ‘gone above and beyond’ dedicating and volunteering their time and skills for our school.

The recipient will be awarded with a framed certificate and engraved pen.

If you would like to nominate a parent, staff member or community member, please fill out the section below and return to the school front office by Monday 26th September.

ROWAN RAMSEY SCHOOL COMMUNITY AWARD NOMINATION FORM

Name of Recipient: ____________________________________________________________

Parent    Community Member    Staff Member    (Please Circle)

Reason for Nomination:

Name of person nominating (if more information is required) _______________________

Phone: ____________________________

Please return to Cleve Area School front office by Monday 26th September.
Reminder:
Week 8 Friday 16th September
